

OPEN SPACE FOR ENERGY-RESILIENT CITIES

9th INTERNATIONAL WORKSHOP ON MEDITERRANEAN URBAN MORPHOLOGY

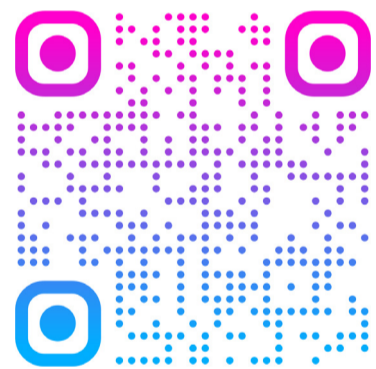

8-10 MAY 2024

Sapienza University of Rome
Faculty of Civil and Industrial Engineering
Sala del Consiglio, 2nd floor
Via Eudossiana, 18

The 9th International workshop on Mediterranean Urban Morphology is jointly organized by the AiEM research group - Architecture, Energy and Environment - from Barcelona School of Architecture, ETSAB UPC and the SOS Urban Lab research group from Faculty of Civil and Industrial Engineering, Sapienza University of Rome. The purpose is to analyze climate-vulnerable neighbourhoods in the city of Rome and associated public spaces. Presentation of methods, evaluation tools and urban survey will be carried out in order to investigate and map qualities of open spaces: urban surveys, microclimate, energy performance and thermal comfort.

REGISTER NOW

DEADLINE 05 MAY
